Douglas A. Brush, GCIH, GCFA, GCFE, EnCE

Summary

Douglas is an information security executive with over 30 years of entrepreneurship and professional technology experience. He is a globally recognized expert in cybersecurity, data privacy, incident response, digital forensics, and information governance. In addition to serving as a CISO and leading enterprise security assessments, Douglas has conducted hundreds of investigations involving hacking, data breaches, trade secret theft, employee malfeasance, and other legal and compliance issues. He also serves as a federally court-appointed Special Master and neutral expert in high-profile litigation matters involving privacy, security, and eDiscovery.

Douglas is the President of Accel Consulting and provides virtual CISO, expert witness testimony, incident response, governance, data privacy and compliance, and end-to-end preventative security solutions for clients across the globe.

He is also the founder and host of Cyber Security Interviews, a popular information security podcast.
